### Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	<b>Name of the scheme</b>	<b>Parag Parikh Flexi Cap Fund</b>
II.	<b>Category of the Scheme</b>	Flexi Cap Fund
III.	<b>Scheme type</b>	An open-ended dynamic equity scheme investing across large cap, mid cap, small cap stocks.
IV.	<b>Scheme code</b>	PPFA/O/E/FCF/13/04/0001
V.	<b>Investment objective</b>	<p>The investment objective of the Scheme is to seek to generate long-term capital growth from an actively managed portfolio primarily of equity and Equity Related Securities.</p> <p>Scheme shall be investing in Indian equities, foreign equities and related instruments and debt securities.</p> <p>Buying securities at a discount to intrinsic value will help to create value for investors. Our investment philosophy is to invest in such value stocks.</p> <p>Long Term refers to an investment horizon of 5 years and more. In this Scheme Information Document (SID), it is mentioned that the Scheme is not suitable for investment horizon of less than 5 years. The Scheme will evaluate different companies based on their long term prospects (5 years and more) rather than just looking at next quarter or a few quarter's earnings. Since the objective of the Scheme is to hold the investments in the companies where the Scheme has invested for the long term, it is essential that the investors in the Scheme have a similar outlook. It is expected that the core equity portfolio of the Scheme will have low churn (portfolio turnover). However the actual churn (portfolio turnover) could be higher depending on circumstances prevailing at respective times.</p> <p>However, there is no assurance that the investment objective of the Scheme will be achieved and the Scheme does not assure or guarantee any returns.</p>
VI.	<b>Liquidity/listing details</b>	<p>The Scheme being offered is open-ended scheme and will offer Units for Sale, switch-in and Redemption switch out, on every Business Day at NAV based prices. As per SEBI (MF) Regulations, the Mutual Fund shall release redemption proceeds within 3 Business Days of receiving the valid Redemption request from the unitholder/investor in normal situation and in exceptional situation it shall be within 5 business days as per SEBI and/or AMFI Guidelines. A penal interest of 15% or such other rate as may be prescribed by SEBI from time to time will be paid by the AMC for the period of delay in case the redemption proceeds are not transferred within the prescribed time.</p> <p>Please refer to section '<b>Redemption</b>' for more details.</p>
VII.	<b>Benchmark (Total Return Index)</b>	<ul style="list-style-type: none"> <li>• The scheme's benchmark is Nifty 500 TRI.</li> <li>• The benchmark is based on AMFI Tier-1 benchmark.</li> <li>• The same have been chosen as the benchmark for the Scheme as the composition of the aforesaid index is such that it is most suited for comparing performance of the Scheme.</li> </ul>

VIII.	NAV disclosure	The AMC shall update the NAVs on the website of the Mutual Fund ( <a href="https://amc.ppfas.com">https://amc.ppfas.com</a> ) and on the website of Association of Mutual Funds in India - AMFI ( <a href="http://www.amfiindia.com">www.amfiindia.com</a> ) by 10.00 am on T+1 day. For further details, kindly refer to Section II.B of the SID.
IX.	Applicable timelines	<p>Under normal circumstances, the redemption or repurchase proceeds shall be released to the unitholders within 3 working days from the date of redemption or repurchase and in case of exceptional situation it shall be within 5 working days.</p> <p>The AMC shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum) along with the proceeds of redemption or repurchase or dividend. However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unitholders, verification of identity or such other details relating to subscription for units under any applicable law or as may be requested by a regulatory body or any government authority, which may result in delay in processing the application.</p>
X.	Plans and Options Plans/Options and sub-options under the Scheme	<p>The Scheme offers two Plans:</p> <ol style="list-style-type: none"> <li>1. Direct Plan</li> <li>2. Regular Plan</li> </ol> <p>Both Regular and Direct Plan(s) offers only one Option, viz., Growth Option</p> <p>The NAVs of the above plans will be different and separately declared; the portfolio of investments remaining the same.</p> <p>The Investors should indicate the plan / option for which Subscription is made by indicating the choice in the appropriate box provided for this purpose in the application form. In case of valid application received without any choice of option/ facility, the following default plan / option will be considered:</p> <p><b>Default Plan</b> Investors subscribing under Direct Plan of the Scheme will have to indicate "Direct Plan" against the Scheme name in the application form. However, if distributor code is mentioned in application form, but "Direct Plan" is mentioned against the Scheme name, the distributor code will be ignored and the application will be processed under "Direct Plan". Further, where application is received for regular Plan without Distributor code or "Direct" mentioned in the ARN Column, the application will be processed under Direct Plan. For further details, please refer to 'Section III. Units and Offer'.</p> <p><b>Default Option – Growth</b> For detailed disclosure of default plans and options, kindly refer SAI for additional information.</p> <p>As per AMFI Best Practice Guideline No: 135/BP/ 107 /2023-24 dated May 04, 2023, AMC can accept business only from an empaneled distributor. Transactions received, if any, from / under the ARN of a non-empaneled MFD may be processed under Direct Plan, with prompt intimation to the non-empaneled MFD, and the investor</p>
XI.	Load Structure	<p><b>Exit Load:</b></p> <p>In respect of <b>each</b> purchase / switch-in of Units, <b>10% of the units</b> ("the limit") may be redeemed without any exit load from the date of allotment.</p>

		<p>Any redemption or switch-out in excess of the limit shall be subject to the following exit load:</p> <p>2.00 % if the investment is redeemed on or before 365 days from the date of allotment of units.</p> <p>1.00 % if the investment is redeemed after 365 days but on or before 730 days from the date of allotment of units.</p> <p>No Exit Load will be charged if investment is redeemed after 730 days from the date of allotment of units.</p> <p>Any exit load charged (net off GST, if any) shall be credited back to the Scheme.</p> <p>No exit load will be charged, in case of switch transactions between Regular Plan and Direct Plan of the Scheme for existing as well as prospective investors.</p> <p>The Trustees shall have the right to prescribe or modify the exit load structure with prospective effect subject to a maximum prescribed under the Regulations.</p>
<b>XII.</b>	<b>Minimum Application Amount/switch in</b>	<p>Rs. 1,000/- and in multiples of Re. 1/- thereafter.</p> <p>The scheme does not require maintenance of minimum balance in the units of the scheme.</p>
<b>XIII.</b>	<b>Minimum Additional Purchase Amount</b>	Rs. 1,000/- and in multiples of Re. 1/- thereafter
<b>XIV.</b>	<b>Minimum Redemption/switch out amount</b>	<p>Rs. 1,000/- and in multiples of Re. 1/- thereafter.</p> <p>The scheme does not require maintenance of minimum balance in the units of the scheme.</p> <p>In case the balance in the account of the unitholder does not cover the amount of redemption request, then the Mutual Fund is authorized to redeem all the units in the folio and send the redemption proceeds to the unitholder.</p>
<b>XVII.</b>	<b>Segregated portfolio/side pocketing disclosure</b>	Currently, there is no segregated portfolio in the Scheme. The Scheme carries the provision to segregate the portfolio, if required in future. To know details about provision for segregation of portfolio, kindly refer SAI.

## Part II. INFORMATION ABOUT THE SCHEME

### A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation pattern will be as follows:

Instruments	Indicative allocations (% of net assets)		Risk Profile
	Minimum	Maximum	
Equity and Equity related instruments	65%	100	Medium to High
Debt Securities, Money Market Instruments	0%	35%	Low to Medium
Foreign Equity and equity related instruments	0%	35%	Medium to High
Debt Securities (including Units) issued by REITs & InvITs	0%	10%	Medium to High

As per SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swap in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the Scheme.

Investments in securitised debt, if undertaken, shall not exceed 25% of the net asset of the scheme.

From time to time, the Scheme may hold cash equivalent securities. The Scheme may take derivatives position (in equity, currency and fixed income) based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the investment objective of the Scheme. These may be taken to hedge the portfolio, re-balance the same or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time.

The Scheme may use derivatives for trading, hedging and portfolio balancing. Exposure to derivatives will be limited to 50% of the net asset value of the Scheme at the time of transaction. Exposure is calculated as a percentage of the notional value to the net assets of the Scheme. The Scheme will maintain cash or securities to cover exposure to derivatives.

The Scheme may seek investment opportunity in the Foreign Securities (including ADR/ GDR/ foreign equity and equity related instruments), in accordance with guidelines stipulated in this regard by SEBI and RBI from time to time. Under normal circumstances, exposure to foreign securities subject to regulatory limits shall not be more than 35% of the Scheme's net assets. In addition to the instruments stated in the table above, the Scheme may enter into repos/reverse repos as may be permitted by RBI. From time to time, the Scheme may hold cash equivalent securities. A part of the net assets may be invested in the Tri Party Repo (TREPs).

The Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI. Subject to the SEBI (MF) Regulations, as applicable from time to time, the Scheme may engage in Stock Lending. Stock Lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation in order to enhance returns of the portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The Scheme will ensure compliance with SEBI (Mutual Funds) Regulations and with Securities Lending Scheme, 1997, SEBI Master Circular on Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and framework for short selling and borrowing and lending of securities notified by SEBI vide Circular No MRD/DoP/SE/Dep/Cir-14/2007 dated December 20, 2007 as may be amended from time to time.

The maximum exposure of the Scheme to a single intermediary in the stock lending at any point of time would be limited to 5% of the market value of its equity portfolio or upto such limits as may be specified by SEBI.

The Scheme will not engage in stock lending and borrowing for more than 20% of net assets of the scheme. The Scheme will not lend more than what is permitted under applicable SEBI (Mutual Funds) Regulations.

The Scheme will not lend more than what is permitted under applicable SEBI (Mutual Funds) Regulations.

For detailed understanding on Securities lending by the Scheme, Investors are requested to refer to the SAI.

The Mutual Fund may not be able to sell such lent out securities and this can lead to temporary illiquidity.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI vide its Master circular on Mutual Funds dated June 27, 2024, as amended from time to time.

These limits will be reviewed by the AMC from time to time based on views on the equity markets and asset liability management needs. However, at all times the portfolio of the Scheme will adhere to the overall investment objective of the Scheme.

Investors should note that companies or sectors which are very capital intensive, which have low returns on capital ratios and/ or which have very volatile business prospectus may not be considered for investment at all. Performance of the Scheme will defer to the extent these companies/ sectors are represented in the Benchmark indices.

#### **Change in Asset Allocation/ Investment Pattern**

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time,

keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and for defensive consideration only. In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

It may be noted that no prior intimation/indication would be given to investors when the fund manager deviates from the asset allocation mentioned above for short term or for defensive considerations, including factors such as market conditions, market opportunities, applicable regulations and political and economic factors. In case such deviations are carried, the fund manager shall endeavor to rebalance the asset allocation within 30 calendar days of the deviation. The investors/unit holders can ascertain details of asset allocation of the scheme as on the last date of each month on AMC's website at [www.amc.ppfas.com](http://www.amc.ppfas.com) that will display the asset allocation of the scheme as on the given day.

### **Portfolio Rebalancing due to passive breaches**

SEBI vide its Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 on Timelines for Rebalancing of Portfolios of Mutual Fund Schemes, the following have been mandated for the applicable schemes of Mutual Funds:

In the event that the asset allocation of the scheme should deviate from the ranges as stated in asset allocation table above, then the portfolio of the scheme will be rebalanced by the fund manager for the position indicated in the asset allocation table above within a maximum period of 30 business days from the date of said deviation.

In case the portfolio of schemes mentioned are not rebalanced within the above mandated timelines (i.e. 30 Business Days), justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of the mandated rebalancing period.

In case the portfolio of schemes is not rebalanced within the aforementioned mandated plus extended timelines, AMCs shall:

- i. not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- ii. not to levy exit load, if any, on the investors exiting such scheme(s).

### **B. WHERE WILL THE SCHEME INVEST?**

The corpus of the Scheme shall be invested in any (but not exclusively) of the following securities (as allowed by applicable regulations):

- 1) Equity and equity related instruments;
- 2) Debt securities;
- 3) Money Market Instruments;
- 4) Investment in Securitised Debt;
- 5) Investment in Mutual Fund Schemes;
- 6) Applicable Derivatives
- 7) Foreign Securities (only equity and equity related instruments)
- 8) Debt Securities (including Units) issued by REITs & InvITs
- 9) Writing of covered call options
- 10) Non-convertible Preference Shares (to be considered as Debt Instruments)

Investment in foreign/overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time.

For applicable regulatory investment limits, please refer the section on "Investment Restrictions", under Section II.

The Fund Manager reserves the right to invest in such other securities as may be permitted from time to time

and which are in line with the investment objectives of the Scheme.

Subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the SEBI Regulations, as detailed later in this document.

## **C. WHAT ARE THE INVESTMENT STRATEGIES?**

**Investment approach of the Scheme is governed by following guiding principles:**

### **Focus on the long term**

Investments would be made with a long term perspective. The investment objective of the Scheme is to seek to generate long-term capital growth from an actively managed portfolio primarily of equity and Equity Related Securities.

The Fund Manager will follow an active investment strategy primarily based on fundamental research driven bottom up stock selection approach. Since Investing requires disciplined risk management, the AMC would incorporate safeguards seeking to control risks in the portfolio construction process. Such safeguards would include reasonable diversification of the portfolio, which the AMC aims to achieve by spreading the investments over a range of industries, sectors and market capitalizations.

### **Investments confer proportionate ownership**

The approach to valuing a company is similar to making an investment in a business. Therefore, there is a need to have a comprehensive understanding of how the business operates. The key issues to focus on are growth opportunities, sustainable competitive advantage, industry structure, margins, quality of the management and protection of minority shareholders.

### **Maintain a margin of safety**

The benchmark for determining relative attractiveness of stocks would be the intrinsic value of the business. The Investment Manager would endeavor to purchase stocks that represent a discount to this value, in an effort to preserve capital and generate superior growth.

### **Maintain a balanced outlook on the market**

The investment portfolio would be regularly monitored to understand the impact of changes in business and economic trend. While short-term market volatility would affect valuations of the portfolio, this is not expected to influence the decision to own fundamentally strong companies.

### **Disciplined approach to selling**

The decision to sell a holding would be based on either the anticipated price appreciation being achieved or being no longer possible due to a change in fundamental factors affecting the company or the market in which it competes, or due to the availability of an alternative that, in the view of the Investment Manager, offers superior returns.

In summary, the Investment Strategy is expected to be a function of extensive research and based on data and reasoning, rather than current trends. The objective will be to identify “businesses with superior growth prospects and good management, at a reasonable price”.

The Scheme will retain the flexibility to invest in the entire range of debt instruments and money market instruments. Investment in Debt securities and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.

Investors may refer to the SAI for details on the Derivative strategies along with illustrations for better understanding.

### **Portfolio Turnover:**

Portfolio turnover is a measure that is used to assess the level of transactional activity within a scheme by calculating the proportion of the securities that are held within the underlying portfolio that are bought and sold during a specified period of typically 1 year. Portfolio Turnover is defined as the lower of sales or purchases divided by the average net asset value of the Scheme over the relevant period.

The Scheme is an open-ended Scheme. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

Investors should note that high portfolio turnover may lead to reduced returns on investments due to additional transaction costs.

#### D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked with **Nifty 500 TRI**.

Justification: The same have been chosen as the benchmark for the Scheme as the composition of the aforesaid index is such that it is most suited for comparing performance of the Scheme. As required under SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the benchmark has been selected from amongst those notified by AMFI as the first tier benchmark to be adopted by mutual funds and which are reflective of the category of the scheme.

The Scheme aims to generate regular income through investments in debt and money market instruments. The Scheme also seeks to generate long term capital appreciation from the portion of equity investments under the scheme. The performance will be benchmarked to the Total Returns Variant of the Index.

The Trustees reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (Mutual Funds) Regulations, and other prevailing guidelines, if any.

### Part III- OTHER DETAILS

#### A. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the Scheme(s) will be computed by dividing the net assets of the Scheme(s) by the number of Units outstanding under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time. NAV of Units of under each Scheme / Plan shall be calculated as shown below:

Market or Fair Value of the Scheme's Investments

+ Current Assets including Accrued income  
- Current Liabilities and Provisions

NAV (Rs) per unit = 
$$\frac{\text{Market or Fair Value of the Scheme's Investments}}{\text{No. of Units outstanding under the Scheme / Plan/ Option on the Valuation day}}$$

The NAV of the Scheme(s) will be calculated and disclosed at the close of every Business Day.

The AMC will calculate and disclose the first NAV of the Scheme within a period of 5 business days from the date of allotment. Subsequently, the NAVs will be calculated for all the Business Days. Separate NAV will be declared for Direct and Regular Plan (Please refer to SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024).

The NAV of the Scheme(s) will be calculated up-to 4 decimals. Units will be allotted up-to 3 decimals.

NAV will also be displayed on the website of the Mutual Fund. In addition, the ISCs would also display the NAV.

The Fund will ensure the repurchase price of the scheme shall not be lower than 95% of the NAV as provided for under the regulations.

For other details such as policy on computation of NAV, investment in foreign securities, rounding off, procedure in case of delay in disclosure of NAV etc., kindly refer to SAI.

## B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, marketing and advertising expenses, Registrar & Transfer Agents' expenses, printing and stationary, bank charges etc.

In accordance with the provisions of SEBI Master circular no. SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the NFO expenses shall be borne by the AMC/ Trustee/Sponsor and not by the scheme of mutual fund.

## C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that the following % of the daily net assets of the Scheme will be charged to the Scheme as expenses. Please refer to the table below for details. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund viz. <https://amc.ppfas.com/statutory-disclosures/total-expense-ratio-TER/>.

B.	Additional expenses under regulation 52 (6A) (c)	Upto 0.05%
C.	Additional expenses for gross new inflows from specified cities under Regulation 52(6A)(b)	Upto 0.30%

^ In terms of SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, 'in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses..

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route. However, expenses that are very small in value but high in volume may be paid out of AMC's books at actuals or not exceeding 2 bps of respective Scheme AUM, whichever is lower. A list of such miscellaneous expenses will be as provided by AMFI in consultation with SEBI.

**Note: Expenses of Direct Plan will be lower than expenses of the Regular Plan as no**

commission/distribution expenses will be charged in the case of Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. NAV of the Direct Plan will be different than the NAV of Regular Plan.

**\*Impact of TER on Scheme returns (for both Direct and Regular plans)**

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an Investor invested ₹ 10,000/- under the Growth Option, the impact of expenses charged will be as under:

Particulars	Regular Plan			Direct Plan		
	Amount (₹)	Units	NAV (₹)	Amount (₹)	Units	NAV (₹)
Invested on March 31, 2023 (A)	10,000.00	950.299	10.523	10,000.00	931.619	10.734
Value of above investment as on March 31, 2024 (post all applicable expenses) (B)	10,902.89	950.299	11.4731	10,987.89	931.619	11.7944
Expenses charged during the year (other than Distribution Expenses/Commission) (C)	150.00			150.00		
Distribution Expenses/Commission charged during the year (D)	85.00			0.00		
Value of above investment as on March 31, 2024 (after adding back all expenses charged) (E) [E= B+C+D]	11,137.89	950.299	11.7204	11,137.89	931.619	11.9554
Returns (%) (post all applicable expenses) (F) [F= (B-A)/A]	9.03%			9.88%		
Returns (%) (without considering any expenses) (G) [G= (E-A)/A]	11.38%			11.38%		

**Notes:**

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Plan(s) under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Plan of the Scheme will be lower to the extent of the distribution expenses/commission
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

As per Para B of the SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, GST shall be charged as follows:

1. GST on investment management and advisory fees shall be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.

2. GST on other than investment management and advisory fees, if any, shall be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.

3. GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme.

4. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52 of the SEBI (MF) Regulations.

The AMC shall charge the Mutual Fund with investment and advisory fee as prescribed in the SEBI (MF) Regulations from time to time. Presently, the SEBI (MF) Regulations permit fees as follows:

**The recurring expenses of the Scheme shall be as per the limits prescribed under the SEBI (MF) Regulations. These are as follows:**

Assets under management Slab (Rs. In Crore)	Total Expense ratio format
On the first Rs. 500 crores of the daily net assets	2.25 % p.a;
On the next Rs. 250 crores of the daily net assets	2.00 %p.a;
On the next Rs. 1,250 crores of the daily net assets	1.75 % p.a;
On the next Rs. 3,000 crores of the daily net assets	1.60 % p.a;
On the next Rs. 5,000 crores of the daily net assets	1.50 % p.a
On the next Rs. 40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof.
On the balance of the assets	1.05 p.a %;

It is possible that the AMC may charge the maximum recurring expenses provided above as investment management and advisory fees. In such case the other recurring expenses will not be charged to the Scheme.

In terms of SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 the AMC shall annually set apart at least 0.02% on daily net assets within the maximum limit of recurring expenses as per Regulation 52 for investor education and awareness initiatives.

1. Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

2. Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI/AMFI from time to time are at least –

- (i) 30 per cent of gross new inflows in the Scheme, or;
- (ii) 15 per cent of the average assets under management (year to date) of the Scheme, whichever is higher:

As per SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, additional expenses of 30 basis points, shall be charged based on inflows only from retail investors from beyond top 30 cities.

As per SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from “retail investor”.

In case inflows from such cities are less than the higher of (a) or (b) above, such expenses on daily net assets of the Scheme shall be charged on proportionate basis in accordance with SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024

Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023, and AMFI letter dated No.35P/MEM-COR/85-a/2022-23 dated March 02, 2023, has directed AMC's to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

The amount so charged shall be utilised for distribution expenses incurred for bringing inflows from such cities. However, the amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Currently, SEBI has specified that the above additional expense may be charged for inflows from beyond 'Top 30 cities'. Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

3. Expenses not exceeding 0.05% p.a. of daily net assets towards Investment Management and Advisory Fees and the various sub-heads of recurring expenses mentioned under Regulation 52 (2) and (4) respectively of SEBI (MF) Regulations. However, in terms of SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses to the scheme.

The total expenses of the Scheme including the Investment Management and Advisory Fee shall not exceed the limits stated in Regulation 52 of the SEBI (MF) Regulations.

The total expense ratios of the schemes of the Fund are available in downloadable spreadsheet format on the AMC website and AMFI website. Any change in the current expense ratios will be updated at least three working days prior to the effective date of the change. For the current total expense ratio details of the Scheme, investors may visit <https://amc.ppfas.com/statutory-disclosures/total-expense-ratio-TER/> available on the website of the AMC viz., [www.amc.ppfas.com](http://www.amc.ppfas.com) and AMFI's website viz., [www.amfiindia.com](http://www.amfiindia.com).

#### D. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (<http://amc.ppfas.com>) or call at 022 6140 6538 or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Entry Load	Not Applicable
Exit Load	<p>In respect of each purchase / switch-in of Units, <b>10% of the units</b> (“the limit”) may be redeemed without any exit load from the date of allotment.</p> <p>Any redemption or switch-out in excess of the limit shall be subject to the following exit load:</p> <p>2.00% if the investment is redeemed on or before 365 days from the date of allotment of units.</p> <p>1.00% if the investment is redeemed after 365 days but on or before 730 days from the date of allotment of units.</p> <p>No Exit Load will be charged if investment is redeemed after 730 days from the date of allotment of units.</p> <p>Any exit load charged (net off GST, if any) shall be credited back to the Scheme.</p>

	No exit load will be charged, in case of switch transactions between Regular Plan and Direct Plan of the Scheme for existing as well as prospective investors.
--	--

Under the Scheme, the Trustee / AMC reserves the right to modify / change the Load structure if it deems fit in the interest of smooth and efficient functioning of the Mutual Fund. The AMC reserves the right to introduce / modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (Mutual Funds) Regulations.

The Load may also be changed from time to time and in the case of an Exit / Redemption Load this may be linked to the period of holding.

The Redemption Price, however, will not be lower than 95% of the NAV as prescribed by SEBI from time to time.

Any imposition or enhancement of Exit Load in the load shall be applicable on prospective investments only. The investor is requested to check the prevailing load structure of the scheme before investing.

However, AMC shall not charge any load on the issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the load structure the AMC / Mutual Fund may adopt the following procedure:

1. The addendum detailing the changes will be attached to Scheme Information Document and Key Information Memorandum and displayed on our website <http://amc.ppfas.com> The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Document and Key Information Memorandum already in stock.
2. Arrangements will be made to display the changes / modifications in the Scheme Information Document in the form of a notice in all the Investor Service Centers and distributors / brokers office.
3. The introduction of the Load along with the details will be stamped in the acknowledgment slip issued to the investors on submission of the application form and will also be disclosed in the Account Statement or in the covering letter issued to the Unit holders after the introduction of such Load.
4. A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
5. GST on exit load, if any, shall be paid out of the exit load proceeds. The entire exit load (net of GST), charged, if any, shall be credited to the Scheme.
6. Any other majors which the mutual fund may feel necessary.

## **SECTION II**

### **I. Introduction**

**A. Definitions/interpretation** – Kindly refer to the Functional website link that contains detailed description.

<https://amc.ppfas.com/downloads/disclosure-related-to-offer-documents/pdf/definitions-and-interpretations.pdf?ver2>

### **B. Risk factors**

#### **Scheme specific risk factors**

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

#### **(i) Risk factors associated with investing in equities and equity related instruments**

- The value of Scheme's investments may be affected by factors affecting the Securities markets and price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies if the Government, taxation laws and political, economic or other developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Consequently, the NAV of the units of the Scheme may be affected.

- Equity and equity related instruments/ securities are volatile and prone to price fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme(s) unless they can afford to take the risks.

- The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.

- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges. Investment in such securities may lead to increase in the scheme portfolio risk. The liquidity and valuation of the Scheme's investments due to the holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges and may lead to the Scheme incurring losses till the security is finally sold.

- The Liquidity of the scheme is inherently restricted by trading volumes in securities in which it invests.

- Investment strategy to be adopted by the Scheme may carry the risk of significant variance between the portfolio allocation of the Scheme and the Benchmark particularly over a short to medium term period.

- Mid Cap and Small Cap Companies are generally less liquid in terms of trading volumes on stock exchanges. Risk to the scheme may increase in proportion to the investment made in Mid Cap and Small Cap Companies.

#### **(ii) Risk factors associated with investing in Fixed Income Securities and Money Market Instruments**

**Price-Risk or Interest-Rate Risk:** The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected

by an increase in the level of interest rates. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates

The changes in the prevailing rates of interest will likely affect the value of the Scheme's holdings until the next reset date and thus the value of the Schemes' Units will be affected. The value of securities held by the Scheme generally will vary inversely with changes in prevailing interest rates. The fund could be exposed to the interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement.

Money market securities, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.

**Credit Risk:** Investment in Debt Securities is subject to the risk of an issuer's inability to meet interest and principal payments obligations. Investment is also subject to the risk of market perception of the creditworthiness of the issuer. i.e. even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down.

Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

**Prepayment Risks:** In the event of prepayments, investors may be exposed to changes in tenor and yield.

**Re-investment Risk:** Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original interest rates and proceeds may get invested at a lower rate

**Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions the spreads may move adversely or favorably leading to fluctuation in NAV.

Different types of fixed income securities in which the Scheme would invest as given in the SID carry different levels and types of risk. Accordingly, the Scheme risks may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.

The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.

As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.

Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original interest rates.

A borrower may prepay a receivable prior to its due date. This may result in a change in the yield and tenor for the Scheme.

Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger

amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities within the regulatory limit. This may increase the risk of the portfolio.

Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

**Redemption risk:** The Scheme at times may receive a large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

To the extent the underlying Mutual Fund Scheme invests in Debt / Money Market Instruments, the Scheme shall be affected by the aforementioned risk factors. The Net Asset Value (NAV) of the units of the Scheme is likely to get effected on accounts of such risk factors. Any change in the investment policies or fundamental attributes of any underlying scheme is likely to affect the performance of the Scheme. Further, the liquidity of the Scheme's investments may be inherently restricted by the liquidity of the underlying schemes in which it has invested.

### **(iii) General Risk factors**

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under **"Right to Limit Redemptions"** in Section 'Restrictions, if any, on the right to freely retain or dispose of units being offered'.

At times, due to the forces and factors affecting the capital market, the Scheme may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme.

Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.

### **(iv) Risk factors associated with investing in Foreign Securities**

Subject to necessary approvals and within the investment objectives / asset allocation pattern of the Scheme may invest in overseas markets which carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital due to exchange controls and political circumstances. It is the AMC's belief that investment in foreign securities offers new investment and portfolio diversification opportunities into multimarket and multi-currency products. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. However, such investments also entail additional risks not only limited to the following.

#### **Currency Risk:**

Moving from Indian Rupee (INR) to any other currency involves currency risk. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee.

**Interest Rate Risk:**

The pace and movement of interest rate cycles of various countries, though loosely co-related, can differ significantly. Investments in securities of countries other than India, the Scheme stand exposed to their interest rate cycles.

**Credit Risk:**

To manage risks associated with foreign currency and interest rate exposure, the Mutual Fund may use derivatives for efficient portfolio management including hedging in accordance with conditions as may be stipulated by SEBI / RBI from time to time.

**Repatriation Risk:**

The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

**(v) Risk factors associated with investing in Derivatives.**

The AMC, on behalf of the Scheme may use various derivative products, from time to time, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Other risks include, the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and the decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.

Also, the market for derivative instruments is relatively nascent in India and does not have the volumes which may be seen in other developed markets, which may result in volatility to the values. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives.

Trading in derivatives carry a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances.

Other risks in using derivatives include but are not limited to:

**a. Credit Risk** – this occurs when a counterparty defaults on a transaction before settlement and therefore, the Scheme are compelled to negotiate with another counter party, at the then prevailing (possibly unfavorable) market price, in order to maintain the validity of the hedge. For exchange traded derivatives, the risk is mitigated as the exchange provides a guaranteed settlement but one takes the performance risk on the exchange.

**b. Market Liquidity risk** - this occurs where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.

**c. Model Risk** – this is the risk of mis–pricing or improper valuation of derivatives.

**d. Basis Risk** – This risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

#### **(vi) Risk factors associated with investing in Securitised Debt**

The Risks involved in Securitised Papers described below are the principal ones and does not represent that the risks set out hereunder is exhaustive.

##### **Limited Liquidity & Price Risk**

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

##### **Limited Recourse, Delinquency and Credit Risk**

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of a Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However, many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

##### **Risks due to possible prepayments and Charge Offs**

In the event of prepayments, investors may be exposed to changes in tenor and yield. Also, any Charge Offs would result in the reduction in the tenor of the Pass Through Certificates (PTCs).

##### **Bankruptcy of the Swap Bank**

If the Swap Bank, becomes subject to bankruptcy proceedings then an Investor could experience losses or delays in the payments due under the Interest Rate Swap Agreement.

##### **Risk of Co-mingling**

With respect to the Certificates, the Servicer will deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

Illustrative framework, which will be applied while evaluating investment decision relating to a pool securitisation transaction:

Characteristics/ Type of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	Car	2 Wheeler	Micro Finance Pools	Personal Loans	Single Sell Downs	Others
Approximate Average Maturity (In Months)	NA	12-60 Months	12-60 Months	8-4 months	NA	NA	Refer Note A	Refer Note B
Collateral margin (Including cash, guarantees, excess interest spread, Subordinate tranche)	NA	5% - 20%	4-15%	4-15%	NA	NA		
Average Loan to Value Ratio	NA	80-95%	70-90%	70-95%	NA	NA		
Average seasoning of the pool	NA	3-8 months	3-8 months	2-5 Months	NA	NA		
Maximum single exposure range	NA	3-7%	NA (Retail pool)	NA (Retail pool)	NA	NA		
Average single exposure range %	NA	1-5%	0-1%	0-1%	NA	NA		

NA - Not Applicable

Information in the table above is based on current scenario and is subject to change depending upon the change in related factors.

**Notes:**

- A. In case of securitised debt with underlying being a single loan, the investment limit applicable to the underlying borrower is considered.
- B. Other investment will be decided on a case to case basis. In case of asset backed pools (ABS), evaluation of the pool assets is done considering the following factors: (Refer the table above which illustrates the averages of parameters considered while selecting the pool)
  - Size of the loan
  - Average original maturity of the pool
  - Loan to Value Ratio
  - Average seasoning of the pool
  - Default rate distribution

- Geographical Distribution
- Credit enhancement facility
- Liquid facility
- Structure of the pool

#### **(vii) Risk factors associated with Securities Lending**

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

#### **(viii) Risk factors associated with processing of transaction through Stock Exchange Mechanism**

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the Fund has no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

#### **(ix) Risk Factors Associated with Investments in REITs and InvITs:**

● **Interest-Rate Risk:** REITs & InvITs carry interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

● **Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.

● **Risk of lower than expected distributions:** The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/InvIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:

- success and economic viability of tenants and off-takers
- economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets
- debt service requirements and other liabilities of the portfolio assets and fluctuations in the working capital needs
- ability of portfolio assets to borrow funds and access capital markets
- amount and timing of capital expenditures on portfolio assets

● **Liquidity Risk:** This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.

● **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or IDCW pay-outs, etc. Consequently, the

proceeds may get invested in assets providing lower returns. The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

● **Price-Risk:** The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of any of the portfolio assets.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

**(x) Risk Factors associated writing covered call options for equity shares:**

a) Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced only to the extent of premium received by writing covered call options.

b) The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

c) The writing of the covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

d) The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

e) Increased volatility in the market may result in higher premium and marked to market losses in NAV for all the existing short option position even at the same price of underlying stock.

**(xi) Risk factors associated with Segregated Portfolio**

Different types of securities in which the scheme would invest carry different levels and types of risk as given in the Scheme Information Document of the scheme. In addition to the same, unitholders are requested to also note the following risks with respect to Segregated Portfolio:

**Liquidity Risk:** A lower level of liquidity affecting an individual security (ies) or an entire market may have an adverse bearing on the value of the Segregated Scheme's assets. This may more importantly affect the ability to sell particular securities with minimal impact cost as and when necessary to meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few of the investments. This may impact the NAV of the segregated portfolio and could result into potential loss to the Unit holders.

**Credit risk:** The scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further, even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated. Investment in unrated securities may be riskier compared to investment in rated instruments due to non-availability of third party assessment on the repayment capability of the issuer. As the securities are unrated, an independent opinion of the rating agency on the repayment capability of the issuer will not be available. The issuer of a debenture/ bond or a money market instrument may default on interest payment or even in

paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. This may impact the NAV of the segregated portfolio and resultant loss to the Unit holders.

**Listing of units:** Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further, trading price of units on the stock market may be significantly lower than the prevailing NAV.

#### **(xii) Risks associated with investments in Repo transactions in Corporate Bonds**

In repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. The Scheme may invest in repo of corporate debt securities which are subject to the following risks:

**Counterparty Risk:** This refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. The Investment Manager will endeavour to manage counterparty risk by dealing only with counterparties, having strong credit profiles. Also, the counterparty risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to corporate debt securities.

**Collateral Risk:** Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk is mitigated by restricting participation in repo transactions with collateral bearing a minimum rating as prescribed by the regulators (currently AA or equivalent and above rated money market and corporate debt securities). Any rating downgrade will tantamount to either an early termination of the repo agreement or a call for fresh margin to meet the minimum haircut requirement. In addition, the Investment manager may apply a higher haircut on the underlying security than mentioned above to adjust for the illiquidity and interest rate risk on the underlying instrument. The adequacy of the collateral will be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. In the event of shortfall in the collateral, the counterparty shall be asked to replenish the same. If the counterparty is not able to top-up either in form of cash / collateral, it shall tantamount to early termination of the repo agreement.

**Settlement Risk:** Corporate Bond Repo shall be settled between two counterparties in the OTC segment unlike in the case of Government securities repo transactions where CCIL stands as central counterparty on all transactions which neutralizes the settlement risk. However, the settlement risk pertaining to CDRs shall be mitigated through Delivery versus Payment (DvP) mechanism which is followed by all clearing members.

### **C. Risk mitigation strategies**

#### **1. Risk profile of securitised debt vis-à-vis risk appetite of the Scheme**

The risk profile of securitised debt is generally at par with the risk profile of other debt securities at the same level of credit rating. Securitised debt offers additional income (spread) over a debt security of similar rating and maturity, which enables the scheme to optimize its income without taking any additional credit risk. Securitised debt is generally less liquid, however, investment in securitised debt is made to maintain a diversified portfolio of debt securities that optimizes return without increasing the overall risk profile of the Scheme.

#### **2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitised debt, etc.**

The originator is an entity (like banks, non-banking finance companies, corporates etc), which has initially provided the loan & is also generally responsible for servicing the loans. The schemes will invest in securitised debt of originators with at least investment grade credit rating and established track record. A detailed evaluation of originator is done before the investment is made in securitised debt of any originator on various parameters given below:

## **Track record**

The investment in securitised debt is done based on origination and underwriting process and capabilities of the originator, overview of corporate structure, group to which they belong, experience of the company in the business, how long they have been in the business, financial condition of the company, credit rating, past performance of similar pools by the originator, etc.

## **Willingness to pay through credit enhancement facilities etc.**

Credit enhancement is provided by the originator, as indicated by rating agencies, so as to adequately cover the defaults and acts as a risk mitigation measure. The size of the credit enhancement as indicated by rating agency depends on the originator's track record, past delinquencies, pattern of the portfolio & characteristics of the pool vis-a-vis of the portfolio, nature of the asset class

## **Business Risk Assessment**

The business risk assessment of originator / underlying borrower also includes detailed credit assessment wherein following factors are also considered:

- ★ Outlook for the economy (domestic and global)
- ★ Outlook for the industry
- ★ Company specific factors

Additionally, a detailed review of rating rationale is done along with interactions with the company as well as the rating agency. All investment in securitised debt is done after taking into account points (with regard to originator) stated below:

- ★ Default track record/ frequent alteration of redemption conditions
- ★ High leverage ratios of the ultimate borrower both on a standalone basis as well on a consolidated level/ group level
- ★ Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be
- ★ Higher proportion of overdue assets of the pool or the underlying loan, as the case may be

## **Risk mitigation strategies for investments with each kind of originator**

**Investments are based on assessment of following parameters, to mitigate risk associated with such investment:**

- a. Credit quality, size and reach of the originator
- b. Nature of receivables/asset category i.e. cars, commercial vehicles, personal loans etc.
- c. Collection process, infrastructure and follow-up mechanism
- d. Credit cum liquidity enhancement
- e. Asset Quality - portfolio delinquency levels
- f. Past performance of rated pools
- g. Pool Characteristics - seasoning, Loan-to-value ratios, geographic diversity etc.

## **4. Minimum retention percentage by originator of debts to be securitised**

While minimum retention percentage by originator is not prescribed, any amount retained by the originator through subordination is viewed positively at the time of making investment.

## **5. The mechanism to tackle conflict of interest when the mutual fund invests in securitised debt of an originator and the originator in turn makes investments in that particular scheme of the fund.**

All proposals for investment in securitised debt are evaluated by the analyst based on several parameters such as nature of underlying asset category, pool characteristics, asset quality, credit rating of the securitisation transaction, and credit cum liquidity enhancement available. Investment in securitised debt by the scheme is made by the fund manager in line with the investment objective of the scheme.

## **II. Information about the scheme:**

### **A. Where will the scheme invest**

The corpus of the Scheme shall be invested in any (but not exclusively) of the following securities (as allowed by applicable regulations):

- 1) Equity and equity related instruments;
- 2) Debt securities;
- 3) Money Market Instruments;
- 4) Investment in Securitised Debt;
- 5) Investment in Mutual Fund Schemes;
- 6) Applicable Derivatives
- 7) Foreign Securities (only equity and equity related instruments)
- 8) Debt Securities (including Units) issued by REITs & InvITs
- 9) Writing of covered call options
- 10) Non-convertible Preference Shares (to be considered as Debt Instruments)

**Pending deployment as per investment objective, the moneys under the Scheme may be parked in short- term deposits of Scheduled Commercial Banks.**

The Scheme shall comply with the following guidelines for parking of funds in short term deposits:

1. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
2. Such short-term deposits shall be held in the name of the Scheme.
3. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
4. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
5. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
6. The Scheme shall not park funds in short-term deposit of a bank, which has invested in the Scheme.

The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivatives market.

As per the SEBI (MF) Regulations, no investment management fees will be charged for such investments.

### **Investment in Foreign Securities:**

The Scheme may also invest in suitable investment avenues in overseas financial markets for the purpose of diversification, commensurate with the Scheme objectives and subject to necessary stipulations by SEBI / RBI. Towards this end, the Mutual Fund may also appoint overseas investment advisors and other service providers, as and when permissible under the regulations. The Scheme may, with the approval of SEBI / RBI invest in:

- i. ADRs/ GDRs issued by Indian or foreign companies
- ii. Equity of overseas companies listed on recognized stock exchanges overseas
- iii. Initial and follow-on public offerings for listing at recognized stock exchanges overseas
- iv. Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities.

v. Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).

PPFAS Mutual Fund will ensure compliance with SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024.

Mutual funds can make overseas investments [as stated in point (i) to (v) above] subject to a maximum of US \$1 billion (limit per mutual fund subject to overall limit of US \$ 7 billion) or such limits as may be prescribed by SEBI from time to time.

In case of overseas investments specified above, US \$ 300 million maximum would be reserved for each Mutual Fund individually for investment in overseas Exchange Traded Fund, within the overall industry limit of US \$ 1 billion.

For all ongoing schemes that invest or are allowed to invest in Overseas securities / Overseas ETFs, an investment headroom of 20% of the average AUM in Overseas securities / Overseas ETFs of the previous three calendar months would be available to the Mutual Fund for that month to invest in Overseas securities / Overseas ETFs subject to maximum limits specified above as the case maybe.

Subject to the approval of the RBI / SEBI and conditions as may be prescribed by them, the Mutual Fund may open one or more foreign currency accounts abroad either directly, or through the custodian/sub-custodian, to facilitate investments and to enter into/deal in forward currency contracts, currency futures, index options, index futures, interest rate futures/swaps, currency options for the purpose of hedging the risks of assets of a portfolio or for its efficient management.

The Mutual Fund may, where necessary appoint intermediaries as sub-managers, sub-custodians, etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses.

Under normal circumstances, exposure to foreign securities subject to regulatory limits shall not be more than 35% of the Scheme's net assets.

### **Covered Call Options**

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset.

### **Benefits of using Covered Call strategy in Mutual Funds:**

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits:

a) Down side protection to the extent of premium collected - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.

b) Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

### **Illustration — Covered Call strategy using stock call options:**

A fund manager buys equity stock of ABC Ltd. for Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. Further, it is assumed that the scheme has earned a premium of Rs. 50 and the fund manager is of the opinion that the stock price will not exceed Rs. 1100, during the expiry period of the option.

*Scenario 1: Stock price exceeds Rs. 1100*

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, since the scheme has earned a premium of Rs. 50, this has reduced the purchase cost of the stock (Rs. 1000 — Rs. 50 = Rs. 950).

Hence, the Net Gain = Rs. 150 (Rs 100 stock appreciation + Rs 50 call option premium)

(However, please note that in a scenario where the stock price reaches Rs. 1300, investment in long only equity would be more beneficial than a covered call strategy as the net gain under the covered call strategy would be Rs. 150, against a net gain of Rs. 300 under a pure long only equity strategy.)

#### *Scenario 2: Stock prices stays below Rs. 1100*

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Hence, the Net Gain = Rs. 50.

### **Trading in Derivatives**

The Scheme may take derivative positions based on the opportunities available subject to the guidelines provided by SEBI from time to time and in line with the overall investment objective of the Scheme. The Fund has to comply with the prescribed disclosure requirements. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time. Hedging does not mean maximisation of returns but only reduction of systematic or market risk inherent in the investment. The Scheme intends to take position in derivative instruments like Futures, Options, Interest Rate Swaps, Forward Rate Agreements, and such other derivative instruments as may be permitted by SEBI and RBI from time to time.

Pursuant to SEBI Circular No. DNPd/Cir-29/2005 dated September 14, 2005, the Scheme shall be treated as Trading Members at par with a registered FII in respect of position limits in index futures, index options, stock options and stock futures contracts.

Net position in derivatives will be as per fund management process and decision of the fund manager in the best interest of the unit-holders of the scheme. While taking any derivative positions, the scheme will comply with applicable SEBI and RBI guidelines as amended from time to time.

Difference between exchange traded derivatives and Over the Counter Trade (OTC):

Derivatives can be traded over the exchange or can be structured between two counter-parties. Those transacted over the exchange are called Exchange Traded derivatives whereas the other category is referred to as OTC (Over the Counter) derivatives. Some of the differences of these two derivative categories are stated below:

#### **Exchange Traded Derivatives:**

These are quoted on the exchanges like any other traded asset class. The common amongst these are the Index Futures, Index Options, Stock Futures and Options on individual equities / securities. The basic form of the futures contract is similar to that of the forward contract, a futures contract obligates its owner to purchase a specified asset at a specified exercise price on the contract maturity date. Futures are cash-settled and are traded only in organised exchanges. Exchange traded derivatives are standardised in terms of amount and delivery date.

Standardisation and transparency generally ensures a liquid market together with narrower spreads. For delivery dates far in the future, there may be insufficient liquidity in the futures market.

#### **OTC derivatives:**

OTC derivatives require the two parties engaging in a derivatives transaction to come together through a process of negotiations. It is a derivative that is customised in terms of structure, amount, tenor, underlying assets, collateral etc. Some examples of OTC derivatives are interest rate and currency swaps, Forward Rate Agreements (FRAs) etc.

#### **Position Limits:**

The position limits for trading in derivatives by Mutual Funds specified by SEBI vide SEBI Circular No. DNPd/Cir-29/2005 dated September 14, 2005, SEBI Circular No. DNPd/Cir -30/2006 dated January 20, 2006 and SEBI Circular No. SEBI/DNPd/Cir-31/2006 dated September 22, 2006 are as follows:

Mutual Fund will comply with applicable position limits.

**i. Position limit for Mutual Funds in index options contracts**

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

**ii. Position limit for Mutual Funds in index futures contracts**

- a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

**iii. Additional position limit for hedging in addition to the position limits at point (i) and (ii) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits :**

1. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
2. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills, money market mutual funds and gilt funds and similar instruments.

**iv. Position limit for Mutual Funds for stock based derivative contracts**

As per SEBI circular no: SEBI/HO/MRD/DP/CIR/P/2016/143 December 27, 2016, The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL)

**v. Position limit for each scheme of a Mutual Fund The scheme-wise position limit requirements shall be :**

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:  
1% of the free float market capitalization (in terms of number of shares). **or** 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

**Exposure Limits**

The exposure limits for trading in derivatives by Mutual Funds specified by SEBI vide its Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 are as follows:

1. As per SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swap in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/ assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the Scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

- a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
  - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
  - c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
  - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. (a) Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.
- (b) In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.
7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.
8. Definition of Exposure in case of Derivative Positions. Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

RBI has issued guidelines on Interest Rate Swaps (IRS) and Forward Rate Agreements (FRA) on July 7, 1999. These products were introduced to deepen the country's money market. SEBI has also permitted trading of interest rate derivatives through Stock Exchanges. The Scheme may trade in these instruments.

### **Interest Rate Swaps (IRS)**

All swaps are financial contracts, which involve exchange (swap) of a set of payments owned by one party for another set of payments owned by another party, usually through an intermediary. An IRS can be defined as a contract between two parties (Counter Parties) to exchange, on particular dates in the future, one series of cash flows, (fixed interest) for another series of cash-flows (variable or floating interest) in the same currency and on the same principal for an agreed period of time. The exchange of cash-flows need not occur on the same date.

### **Forward Rate Agreements (FRA)**

A FRA is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date, based on a notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period. The special feature of FRAs is that the only payment is the difference between the FRA rate and the Reference rate and

hence are single settlement contracts. As in the case of the IRS, notional amounts are not exchanged in FRA.

### **Lending of Securities**

The Scheme may lend Securities from its portfolio in accordance with the SEBI Regulations and the applicable SEBI guidelines. Securities lending shall enable the Scheme to earn income that may partially offset its expenses and thereby reduce the effect these expenses have on the Scheme's ability to provide investment returns that correspond generally to the price and yield performance of its underlying index. Securities lending means the lending of Securities to another person or entity for a fixed period of time at a negotiated compensation in order to enhance returns of the portfolio. The Securities lent would have to be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to strict limits should it engage in Securities lending. The Scheme will pay reasonable administrative and custodial fees in connection with the lending of Securities. The Scheme will be exposed to the risk of loss should a borrower default on its obligation to return the borrowed Securities. The Scheme's share of income from the lending collateral will be included in the Scheme's gross income. Lending of securities will be effected through approved intermediaries. The Mutual Fund will comply with the conditions for Securities lending specified by SEBI (MF) Regulations and circulars.

**The maximum exposure of the Scheme to a single intermediary in the stock lending at any point of time would be limited to 5% of the market value of its equity portfolio i.e the limit of 5% will be at broker level or upto such limits as may be specified by SEBI.**

**The Scheme will not engage in stock lending and borrowing for more than 20% of net assets of the scheme.**

**The Scheme will not lend more than what is permitted under applicable SEBI (Mutual Funds) Regulations.**

**B. What are the investment restrictions?****Pursuant to SEBI (Mutual Funds) Regulations, the following investment restrictions are applicable to the Scheme:**

Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form. The Mutual Fund will, for securities purchased in the non-depository mode, get the securities transferred in the name of the Mutual Fund on account of the Scheme, wherever the investments are intended to be of a long term nature.

The Scheme shall not invest more than 10% of its NAV in debt instruments, issued by a single issuer, comprising money market securities and non-money market securities rated investment grade or above by a credit rating agency authorised to carry out such activity under the Act. This overall investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of AMC.

Provided that such limit shall not be applicable for investments in government securities, treasury bills and Triparty Repo.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

Provided further that single issuer investment in debt and money market instruments shall be made based on credit risk of the issuer within the limits specified in the clause 1 of Seventh Schedule of the MF Regulation, following prudential limits shall be followed, for schemes other than Credit risk funds:

- i. A mutual fund scheme shall not invest more than:
  - a. 10% of its NAV in debt and money market securities rated AAA; or
  - b. 8% of its NAV in debt and money market securities rated AA; or
  - c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit.

The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating. Exposure to government money market instruments such as TREPS on G-Sec/ T-bills shall be treated as exposure to government securities.

The Scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time and subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

Provided further that the scheme shall comply with the norms under this clause within the time and in the manner as may be specified by SEBI.

Provided further that the norms for investments by the scheme in unrated debt instruments shall be specified by SEBI from time to time.

The Mutual Fund under all its Scheme will not own more than 10% of any Company's paid up capital carrying voting rights.

Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:-

- (a) such transfers are made at the prevailing market price for quoted Securities on spot basis

Explanation: spot basis shall have the same meaning as specified by stock Exchange for spot transactions

- (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

- (c) Inter Scheme Transfers are to be effected in accordance with the guidelines specified by SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 as amended from time to time.

The Scheme may invest in another Scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same AMC or in schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund.

Pending deployment of funds as per investment objective, the monies under the Scheme may be parked in short term deposits of Scheduled Commercial Banks. The Scheme shall abide by the guidelines for parking

of funds in short term deposits as mentioned in section **'WHERE WILL THE SCHEME INVEST?'** for detailed information.

The Scheme shall not make any investments in:

- (a) any unlisted security of an associate or group company of the Sponsors; or
- (b) any security issued by way of private placement by an associate or group company of the Sponsors; or
- (c) the listed securities of group companies of the Sponsors which is in excess of 25% of the net assets.
- (d) any fund of funds scheme

The Scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any company.

All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.

The Scheme may invest in the units of REITs and InvITs subject to the following:

a. No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and

b. A mutual fund scheme shall not invest –

i. more than 10% of its NAV in the units of REIT and InvIT; and

ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer

Provided that the limits mentioned in (i) and (ii) above shall not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.

The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/redemption of Units or payment of interest and/or IDCW to the Unit holders.

Provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

Save as otherwise expressly provided under SEBI Regulations, the mutual fund shall not advance any loans for any purpose.

The Scheme shall invest in Debt instruments having Structured Obligations/ Credit Enhancements in accordance with provisions of SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 as may be amended by SEBI from time to time. The same are currently as under:

The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:

a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and

b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For this purpose, a group means a group as defined under regulation 2 (mm) of the Regulations and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

However, the above Investment limits shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. The provisions shall be effective for all fresh investments with effect from January 1, 2020.

Further in line of SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- b. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
- c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

### **Covered Call Strategy**

The Scheme can write Call options under a covered strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following condition:

- a) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
- b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- c) At all points of time the scheme shall comply with the provisions at points (a) and (b) above. In case of any passive breach of the requirement at paragraph (a) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- d) In case the scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.
- e) In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- f) The premium received shall be within the requirements prescribed in terms of SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- g) The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024.
- h) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (Mutual Funds) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (Mutual Funds) Regulations. Further, apart from the investment restrictions prescribed under SEBI (Mutual Funds) Regulations, the Fund may follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector, etc.

All investment restrictions shall be applicable at the time of making investment.

Redemption for switch-out shall be processed at</li> </ul>

the applicable NAV as per cut-off timing. Switchin will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme.

- For investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization within applicable cut-off time by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.
- While the AMC will endeavour to deposit the payment instruments accompanying investment application submitted to it with its bank expeditiously, it shall not be liable for delay in realization of funds on account of factors beyond its control such as clearing / settlement cycles of the banks.
- Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment.

**Redemptions including switch-out:**

The following cut-off timings shall be observed by the Mutual Fund in respect of Repurchase of Units:

1. Where the valid application is received up to 3.00 p.m. on a business day by the Mutual Fund- the closing NAV of the day on which application is received shall be applicable and
2. Where the valid application is received after 3.00 p.m. on a business day by the Mutual Fund- the closing NAV of the next business day shall be applicable.

The above mentioned cut off timing shall be applicable to transactions through the online trading platform. The Date of Acceptance will be reckoned as per the date & time; the transaction is entered in stock exchanges infrastructure for which a system generated confirmation slip will be issued to the unitholder.

Investors shall make sure that after deducting bank charges for outstation cheque amount available for investment shall not be less than amount specified for minimum investment.

**Transactions through online facilities / electronic modes:**

The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.

In case of transactions through online facilities / electronic modes, there may be a time lag of upto 5-7 banking days between the amount of subscription being debited to the investor's bank account and the subsequent credit into the respective Scheme's bank account. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will PPFAS Asset Management Private Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.

The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme.

For the purpose of registration of bank account(s), Investor should submit Bank Mandate Registration Form (available at the AMC Website, office of AMC and Official point of Acceptance) together with any of the following documents:</p> <p>Cancelled original cheque leaf in respect of bank account to be registered where the account number and names of the account holders are printed on the face of the cheque; or Bank statement or copy of Bank Pass Book page with the Investor's Bank Account number, name and address.</p> <p>The above documents will also be required for change in bank account mandate submitted by the Investor.</p> <p>The AMC will register the Bank Account only after verifying that the sole/ first joint holder is the holder / one of the joint holders of the bank account. In case if a copy of the above documents is submitted, Investor shall submit the original to the AMC/ Investor Service Centre for verification and the same shall be returned.</p>

	<p>In case of Multiple Registered Bank Account, Investor may choose one of the registered bank accounts for the credit of redemption/IDCW proceeds (being - Pay-out bank account).</p> <p>Investors may however, specify any other registered bank accounts for credit of redemption proceeds at the time of requesting for the redemption. Investors may change such Pay-out Bank accounts, as necessary, through written instructions.</p> <p>However, if a request for redemption is received together with a change of bank account (unregistered new bank account) or before verification and validation of a new bank account, the redemption request would be processed to the currently registered default old bank account.</p> <p>Bank account which is stated first shall be treated as default bank account.</p> <p>For further details please refer to paragraph on Registration of Multiple Bank Accounts in respect of an Investor Folio in the SAI.</p> <p>The AMC reserves the right to alter/ discontinue all / any of the above-mentioned special product(s)/ facility(ies) at any point of time. Further, the AMC reserves the right to introduce more special product(s) / facility(ties) at a later date subject to prevailing SEBI Guidelines and Regulations.</p> <p><b>Email ID for communication</b></p> <p>First / Sole Holders should register their own email address and mobile number in their folio for speed and ease of communication in a convenient and cost-effective manner, and to help prevent fraudulent transactions.</p>
Delay in payment of redemption / repurchase proceeds/ IDCW	<p>Under normal circumstances, the redemption or repurchase proceeds shall be released to the unitholders within 3 working days from the date of redemption or repurchase and in case of exceptional situation it shall be within 5 working days For IDCW, under normal circumstances, the IDCW proceeds shall be released to unitholders within 7 working days from the record date and in case of exceptional circumstances it shall be within 9 working days from the record date as per SEBI and/or AMFI Guidelines. The AMC shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum). However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unitholders, verification of identity or such other details relating to subscription for units under any applicable law or as may be requested by a regulatory body or any government authority, which may result in delay in processing the application. The interest for the delayed payment of IDCW shall be calculated from the record date.</p>
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	<p>As per the SEBI Master Circular for Mutual Funds no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the unclaimed redemption and IDCW amounts shall be allowed to be deployed by the Fund in call money market or money market instruments and the same shall also be allowed to be invested in a separate plan of Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts.</p> <p>The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. Investors claiming these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount shall be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. Income earned on such funds shall be used for the purpose of investor education. The AMC shall make a continuous effort to remind investors through letters to take their unclaimed amounts. The AMC reserves the right to provide the facility of redeeming Units of the Scheme through an alternative mechanism including but not limited to online transactions on the Internet through the AMC website or any other website, etc., as may be decided by the AMC from time to time. Further, the AMC shall publish an advertisement in all India editions of at least two daily newspapers, one each in English and Hindi, every half year disclosing the hosting of the half- yearly statement of the schemes' portfolio(s) on the AMC's website and on the website of AMFI. The AMC shall provide a physical copy of the statement of the Scheme portfolio, without charging any cost, on specific request received from a Unitholder.</p>
<b>Half Yearly Results</b>	The Mutual Fund shall within one month from the close of each half year (i.e. 31st March and 30th September), host a soft copy of its unaudited financial results on its website <a href="http://www.amc.ppfas.com">www.amc.ppfas.com</a> . The Mutual Fund shall also publish an advertisement disclosing the hosting of such financial results on its website, in at least one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the Mutual Fund is situated. The unaudited financial results shall also be displayed on the website of AMFI.
<b>Annual Report</b>	The scheme wise annual report shall be hosted on the website of the AMC / Mutual Fund ( <a href="http://www.amc.ppfas.com">www.amc.ppfas.com</a> ) and AMFI ( <a href="http://www.amfiindia.com">www.amfiindia.com</a> ) not later than four months (or such other period as may be specified by SEBI from time to time) from the date of closure of the relevant accounting year (i.e. 31st March each year). Further, the physical copy of the scheme wise annual report shall be made available to the Unitholders at the registered / corporate office of the AMC at all times.

	<p>In case of Unitholders whose email addresses are registered with the Fund, the AMC shall e-mail the annual report or an abridged summary thereof to such Unitholders. The Unitholders whose email addresses are not registered with the Fund may submit a request to the AMC / Registrar &amp; Transfer Agent to update their email ids or communicate their preference to continue receiving a physical copy of the scheme wise annual report or an abridged summary thereof. Unitholders may also request for a physical or electronic copy of the annual report / abridged summary, by writing to the AMC at mf@ppfas.com from their registered email ids or calling the AMC on the toll free number 1800 266 7790 or by submitting a written request at any of the nearest investor service centers of the Fund.</p> <p>Further, the AMC shall publish an advertisement in all India edition of at least two daily newspapers, one each in English and Hindi, every year disclosing the hosting of the scheme wise annual report on its website and on the website of AMFI. The AMC shall provide a physical copy of the abridged summary of the annual report, without charging any cost, on specific request received from a Unitholder.</p>
<b>Other disclosures/ Scheme Summary Document</b>	<p>To enhance investor awareness and information dissemination to investors, SEBI prescribes various additional disclosures to be made by Mutual Funds from time to time on its website / on the website of AMFI, stock exchanges, etc.</p> <p>These disclosures include Scheme Summary Documents, Investor charter (which details the services provided to Investors, Rights of Investors, various activities of Mutual Funds with timelines, DOs and DON'Ts for Investors (<a href="https://amc.ppfas.com/statutory-disclosures/investor-charter-for-mutual-funds.pdf?070102022_15">https://amc.ppfas.com/statutory-disclosures/investor-charter-for-mutual-funds.pdf?070102022_15</a>), Grievance Redressal Mechanism, etc.) Investors may refer to the same.</p>
<b>Product Labelling (including Risk-o-meter)</b>	<p>The Product labeling mandated by SEBI is to provide investors an easy understanding of the risk involved in the kind of product / scheme they are investing to meet their financial goals. The Risk-o-meter categorizes various schemes under different levels of risk based on the investment objective, asset allocation pattern, investment strategy and typical investment time horizon of investors. Therefore, the schemes falling under the same level of risk in the Risk-o-meter may not be similar in nature. Investors are advised before investing to evaluate a Scheme not only on the basis of the Product labeling (including the Risk-o-meter) but also on other quantitative and qualitative factors such as performance, portfolio, fund managers, asset manager, etc. and shall seek appropriate advise, if they are unsure about the suitability of the Scheme before investing.</p> <p>As per SEBI Guidelines, Risk-o-meter of the Scheme shall be reviewed on a monthly basis based on evaluation of risk level of Scheme's month end portfolios. Notice about changes in Scheme's Risk-o-meters, if any, shall be issued. The product labeling assigned during the NFO is based on internal assessment of the scheme characteristics or model portfolio and the same may vary post NFO when the actual investments are made. For latest risk-o-meters of the Scheme and the Benchmark, investors may refer to the monthly portfolios disclosed on the website of the Fund viz. <a href="http://www.amc.ppfas.com">www.amc.ppfas.com</a> as well as AMFI website within 10 days from the close of each month.</p>

## **B. Transparency/NAV Disclosure**

Note:

A. The levy of tax on distributed income payable by Mutual Funds has been abolished w.e.f. April 1, 2020 and instead tax on income from mutual fund units in the hands of the unit holders at their applicable rates has been adopted.

1 Equity Oriented Funds will also attract Securities Transaction Tax at applicable rates.

2 The withholding tax would be lower of 20% (plus applicable surcharge and cess) or the rate provided under the relevant tax treaty, whichever is lower, subject to eligibility and compliance with applicable conditions.

As per the provisions of section 196D of the Act which is specifically applicable in case of FPI/FII, the withholding tax rate of 20% (plus applicable surcharge and cess) on any income in respect of securities referred to in section 115AD(1)(a) credited / paid to FII shall apply. The proviso to section 196D(1) of the Act provides for claiming the tax treaty benefits at the time of withholding tax on income with respect to securities of FPIs, subject to furnishing of tax residency certificate and such other documents as may be required. As per section 196D(2) of the Act, no TDS shall be made in respect of income by way of capital gain arising from the transfer of securities referred to in section 115AD of the Act.

3 Health and education Cess shall be applicable at 4% on aggregate of base tax and surcharge.

4 The Finance Bill (No 2), 2024 provides that in case of domestic company, the rate of income-tax shall be 25% subject to satisfaction of condition relating to turnover or gross receipts.

5 The corporate tax rates for domestic companies (not claiming specified incentives and deductions) at the rate of 22% under section 115BAA and domestic manufacturing companies (not claiming specified incentives and deductions) set-up and registered on or after 1 October 2019 and manufacturing commenced on or before 31 March 2024 at the rate of 15% under section 115BAB. The tax computed in case of domestic companies whose income is chargeable to tax under section 115BAA or section 115BAB shall be increased by a surcharge at the rate of 10%.

Short term/ long term capital gain tax will be deducted at the time of redemption of units in case of NRI investors only. However, as per section 196A of the Act, withholding tax would be lower of the rate of 20% (plus applicable surcharge and cess) or rates provided in the tax treaty on any income in respect of units of mutual fund in case of non-residents as per section 196A of the Act. The non-resident unitholders have to provide the required documents for claiming the benefit of tax treaty. For the purpose of withholding tax obligations, taxes will be withheld as per the provisions of the Income tax Act, 1961 (without applying tax treaty rates). The NRI's can claim the benefit of tax treaty while filing the return of income.

7. Section 112A provides that long term capital gains arising from transfer of a long term capital asset being a unit of an equity oriented fund shall be taxed at 10% (without indexation and foreign currency fluctuation benefit) for transfers taking place before 23 July 2024 whereas for transfers taking place on or after 23 July 2024, the same would be taxed at 12.5% without indexation and without foreign currency fluctuation benefit. The aggregate of the above capital gains would be taxable for an amount exceeding one lakh twenty five thousand rupees. The concessional rate of 10%/12.5% shall be available only if STT has been paid on transfer in case of units of equity-oriented mutual funds.

8 Under section 111A short term capital gains arising from transfer of a short term capital asset being a unit of an equity oriented fund shall be taxed at 15% (for transfers taking place before 23 July 2024) whereas for transfers taking place on or after 23 July 2024, the same would be taxed at 20%.

\* Section 206AB would apply on any sum or income or amount paid, or payable or credited, by a person (herein referred to as deductee) to a specified person, as defined. This section shall not apply where the tax is required to be deducted under sections 192, 192A, 194B, 194BA, 194BB, 194-IA, 194-IB, 194LBC, 194M or 194N of the Act. The TDS rate in this section is higher of the followings rates:

- twice the rate specified in the relevant provision of the Act; or
- twice the rate or rates in force; or
- the rate of five per cent.

It is also provided that if the provision of section 206AA of the Act is applicable to a specified person, in addition to the provision of this section, the tax shall be deducted at higher of the two rates provided in this section and in section 206AA of the Act. Specified person' means a person (excluding non-residents who do not have a permanent establishment in India or person not required to file income-tax return and notified by Central Government) who has not filed income-tax return under section 139(1) for the preceding year and aggregate of TDS and TCS in his case is INR 50,000 or more in the said year.
